#### Assessment Scope:

Wangsu provides content distribution and acceleration, server hosting and leasing solutions, cloud computing, and cloud security services for its customers. Wangsu does not directly store, process or transmit cardholder data and sensitive authentication data. All storage and protection of cardholder data is the responsibility of Wangsu's customers. Its Content Delivery Network nodes connect to the customers' servers and cache servers' site contents. When an Internet user access to the customers' site, Wangsu's nearest CDN node then responses to the request and provides Internet users with access acceleration service. Wangsu's customers include e-business merchants, payment service providers, banks, etc. During the data transmission, Wangsu provides its customers with strong cryptographic HTTPS transmission based on the certificates provided by its customers. Its Certificate Management platform provides customer HTTPS certificate management which enable strong cryptographic HTTPS transmission.

Date of Issue: August 26, 2024

Date of Initial Compliance: August 9, 2015

Date of Expiry: August 25, 2025
